They have many years of experience in the field of paediatrics and, for over ten years, have developed long standing contracts with PCTs and Local Education Authorities specialising in ADHD, DCD, Autism, Sensory Processing Disorders and listening with the Whole Body.

“I would like to thank you very much for the recent course I attended. Yes the venue was very pleasant, however due to the excellent informative content of the course, the venue could have been a garden shed and I still would have attended and recommend it to colleagues!! I returned to my school with a greater understanding of Sensory Processing and intend to implement many suggestions I was given on the course. Thank you again for a very enjoyable and educational course”
